All participants are kindly requested to keep to the schedule as indicated below. It will not be possible to accommodate extension of dates or late submissions.

Payment should be received by the SAIP office by 18:00 GMT on 10 June 2011, if not, registrants will be removed from the program.

- 10 February: Abstract Submission and Registration open
- 10 April: Abstract Submission closes
- 10 May: Acceptance Notification
- 1 June: Registration closes
- 10 June: Payment closes
- 12 July: Winter School
- 13-15 July: Conference

Information about all aspects of the conference is provided on the conference website:

www.saip.org.za/events/saip2011

Please visit the website regularly for updates.

Theme of the Winter School (12 July): “Computational Physics”

The host intends to provide an opportunity for interested delegates to publish short papers (3-4 pages) in recognised conference proceedings. For this purpose a valid peer review process will be introduced. Information will be provided on the website.
