

# SAIP2021

## Monday 26 July 2021

Space Science - Potchefstroom Campus (11:30-13:00)

Space Science - Potchefstroom Campus (15:00-16:30)

# Tuesday 27 July 2021

**Space Science - Potchefstroom Campus (11:30-13:00)**

**Space Science - Potchefstroom Campus (15:00-16:30)**

# Thursday 29 July 2021

**Space Science - Potchefstroom Campus (11:30-13:00)**

**Space Science - Potchefstroom Campus (15:00-16:30)**

# Friday 30 July 2021

## Space Science - Potchefstroom Campus (11:30-13:00)

time	[id] title	presenter
11:30	[210] Remote sensing of atmospheric Aerosol Optical Depth	Mrs FANISO, Zimbini
11:45	[47] Solar modulation of Helium isotopes from minimum to maximum activity	NGOBENI, Donald
12:00	[206] Aviation dosimetry science in South Africa	MOSOTHO, Godfrey
12:15	[126] Obliquely propagating solitons and supersolitons in magnetized three-component plasmas with adiabatic ions and two-temperature electrons	Dr SINGH, Shivani
12:30	[202] Energy deposition through Landau damping	BOTHA, Gert
12:45	[209] Simulations of coronal loops undergoing transverse decay-less oscillations	KARAMPELAS, Konstantinos
