

Supervisor/Promoter Agreement

Note: In order to improve the scientific quality and ensure credibility of published proceedings of South African Institute of Physics (SAIP) conferences, it is essential that manuscripts be evaluated by competent individuals. Unfortunately, the physics community in South Africa is small and the onerous responsibility of reviewing manuscripts cannot be left to a few individuals. As a supervisor of a student submitting a paper, you will automatically be added as a referee for the 2022 SAIP Conference proceedings.
