The African Physical Society

Monday, 18 November 2024 09:20 (10 minutes)

The African Physical Society is a non-governmental professional association with the African Association of Physics Students as a subsidiary organization. It provides a forum to bring together for the purposes of networking, collaboration, and advocacy, all the existing national physical societies, The African Physical Society also endeavors to support and represent physicists and physics students working and studying in countries that do not have a national physical society.
