

Biophysics in Africa - 2026

Monday 23 March 2026 - Friday 27 March 2026

Scientific Programme

Applied Biophysics

Astrobiology / Astrochemistry

Bioinformatics

Biomaterials Physics

Biophotonics

Biophysics and Maternal Health

Biophysics in Geosciences

Computational Biology

Electrophysiology / Neuroscience

Genomics

Imaging

Industrial Biotechnology

Mathematical Biology

Medical Biophysics

Microscopy

Physical Biochemistry / Molecular Biophysics

Physical Cell Biology / Cellular Biophysics

Physical Immunology

Quantum Biology

Small/Wide-angle X-ray Scattering in Biophysics

Structural Biology

Development of the Future of Biophysics in Africa
