

Biophysics in Africa - 2026

Thursday 26 March 2026

Structural Biology: Structural Biology (13:00-13:30)

time	[id] title	presenter
13:00	[29] Structural insights into the DDX11 helicase	Prof. ONESTI, Silvia

Friday 27 March 2026

Structural Biology: Structural basis of specific lysine transport by Pseudomonas aeruginosa permease LysP (13:40-14:00)

time	[id] title	presenter
13:40	[74] Structural basis of specific lysine transport by Pseudomonas aeruginosa permease LysP	Dr NJI, Emmanuel

Structural Biology (14:30-15:00)

time	[id] title	presenter
14:30	[16] Structure-Based Discovery of KRAS Inhibitors	Mr ADDIS, Amanuel Getahun
