Review procedure:

- After 4 July the PDF of each sort paper will be printed by the conference organizers and distributed at the conference for a blind review process.
- At least two subject specialists will be chosen to review and report on each short paper.
- A final decision, or a request for revision, will be communicated to the corresponding author before 10 September 2011.
- Deadline for revisions: **26 September**.

Once all the necessary corrections have been made to the accepted papers, the proceedings will be made available for downloading from the conference webpage. A compact disc containing the same proceedings will also be mailed to each corresponding author. Procedures on how to claim the subsidy from the DOE via your University administration will be communicated to corresponding authors.
