

Response to the referee report: Evolution of quark masses and flavour mixings in 5D for an $SU(3)$ gauge group

Regarding the points raised by the referee we submit the following comments and modifications to the draft :

1. The typographical and grammatical errors in the manuscript have now been corrected.
2. The citation order in the manuscript are in order now.
3. The independent parameters of V_{CKM} , are the initial values for the CKM parameters at M_Z scale.
4. I cited the following Ref. as appear in the Manuscript:
